Full-Stack Developer with 5+ years of experience specializing in scalable web applications. Proven track record delivering 10+ projects across LATAM and the US. Proficient in React, Next.js, Node.js, and modern web technologies.

PROFESSIONAL EXPERIENCE

Scient One
Lead Front End

Miami, USA
July 2024–Now (Remote)

- Developed the front-end of an interactive dashboard using Next.js and Tailwind, enabling clients to create, edit, delete, and train their AI bots in an intuitive and visually appealing environment.
- Implemented a SaaS product marketing page showcasing platform capabilities, increasing user attraction and conversion through a responsive and optimized interface.
- Incorporated CI/CD practices into the front-end development cycle, reducing deployment times and minimizing errors, improving software delivery efficiency and reliability.
- Optimized the web application performance using advanced strategies, such as parallelizing builds and resource optimization, ensuring faster load times and a smoother user experience.

Samishop
Front End Developer

Lima, Perú
Apr 2022–Nov 2023

- Developed multiple e-commerce platforms using HTML, CSS, Bootstrap, JavaScript, and jQuery.
- Improved page load efficiency by 20%, optimizing conversion rates and customer retention.
- Designed responsive layouts ensuring seamless navigation across all devices.

Comunicados Digitales
Full Stack Developer

Buenos Aires, Argentina
Sep 2021–Apr 2022

- Designed and developed a complete platform from scratch using Next.js, Node.js, Express, and MySQL.
- Built scalable architecture for both front-end and back-end ensuring optimized performance.

Vicios Burger
Front End Developer

Lima, Perú
Nov 2020-Aug 2021

- Developed web application for online ordering and in-table delivery management.
- Built using React.js and Tailwind, improving the restaurant's online visibility and customer experience.
