Sebastian Campos Marcenal

sebastian.campos.dev@gmail.com · LinkedIn · sebascodes.dev · Lima, Peru (Open to Remote)

SUMMARY

Full Stack Developer with 5+ years of experience building scalable web applications using React, Next.js, Node.js, TypeScript, and AWS. Proven track record delivering 10+ projects across LATAM and the US, including SaaS platforms, e-commerce systems, and AI-powered dashboards. Experienced in end-to-end development: REST API design, database architecture (MySQL, MongoDB), CI/CD pipelines, and cloud deployments on AWS and Vercel.

PROFESSIONAL EXPERIENCE

Scient One | Full Stack Developer (Lead Front End)

Miami, USA — Remote · July 2024 – Present

- Built the front-end of an AI bot management platform using Next.js and Tailwind CSS, enabling clients to create, edit, and train AI bots through an intuitive SaaS dashboard.
- Designed and implemented REST APIs using Node.js and Express, integrated with MySQL database to support bot configuration, user data, and session management.
- Structured and optimized relational database schemas to support multi-tenant SaaS architecture with scalable data access patterns.
- Configured AWS services (EC2, S3, Route 53) for production deployments, reducing deployment friction and improving infrastructure reliability.
- Implemented CI/CD pipelines to automate builds and deployments, cutting release times and minimizing production errors.
- Optimized front-end performance using code splitting, lazy loading, and tree shaking, achieving sub-2-second initial load times.

Samishop | Front End Developer

Lima, Peru · Apr 2022 – Nov 2023

- Developed multiple e-commerce platforms using HTML, CSS, Bootstrap, JavaScript, and jQuery.
- Improved page load performance by 20%, directly impacting conversion rates and customer retention.
- Built fully responsive layouts ensuring consistent UX across all screen sizes and devices.

Comunicados Digitales | Full Stack Developer

Buenos Aires, Argentina · Sep 2021 – Apr 2022

- Designed and developed a complete platform from scratch using Next.js, Node.js, Express, and MySQL.
- Built scalable front-end and back-end architecture with optimized queries and clean REST API design.

Vicios Burger | Front End Developer

Lima, Peru · Nov 2020 – Aug 2021

- Developed a web application for online ordering and in-table delivery management using React.js and Tailwind CSS.

FREELANCE PROJECTS

Nexus Store | Full Stack Developer

Lima, Peru · 2024

- B2B e-commerce platform with restricted access, admin panel, and inventory management. Built with Next.js and MySQL.

Casadelux | Full Stack Developer

Madrid, Spain · 2023

- Real estate platform with property showcase, contract signing, buyer management, and sales advisor feedback. Built with Next.js and MySQL.

Startup College GX | Front End Developer
Buenos Aires, Argentina · 2022

- Educational platform for startup building using Vite.js, React, and Tailwind CSS.

TECHNICAL SKILLS

Front-End: React.js, Next.js, Vite.js, TypeScript, Tailwind CSS, Bootstrap
Back-End: Node.js, Express.js, REST APIs, GraphQL
Databases: MySQL, MongoDB, PostgreSQL
Cloud & DevOps: AWS (EC2, S3, Route 53), Vercel, CI/CD, Docker
Testing: Jest, React Testing Library
Practices: Agile (Scrum/Kanban), SOLID, Clean Code, Performance Optimization

EDUCATION

Software Development — Instituto San Ignacio de Loyola
Lima, Peru · 2019 – 2022

Advanced English (C1) — ICPNA
Lima, Peru · 2018 – 2020

Self-taught Development — Udemy, Platzi, YouTube
2019 – Present · React, Next.js, Node.js, TypeScript, DevOps

LANGUAGES

Spanish (Native) · **English** (Advanced C1 — ICPNA certified)
